

Brockton Public Schools Annual 3rd and 5th Grade Field Trips

Fuller Craft Museum opened in Brockton in 1969. It is one of only seven museums dedicated to contemporary craft in the United States. Contemporary craft is art made by hand with traditional materials and techniques; the five most common contemporary craft materials are clay, fiber, glass, metal, and wood. Every year we have 12-15 different exhibitions that thousands of visitors-- including all Brockton Public School third and fifth-grade students
